Worked as a Senior Pediatric Resident in Level 3 NICU and PICU unit.

**DNB PEDIATRIC RESIDENTSHIP**

**From 1<sup>st</sup> February 2008 to 31<sup>st</sup> January 2011.**

I did my 3 years of essential DNB residentship training from Krishna Institute of Medical Sciences, Secunderabad (KIMS) Telangana state, India. I was posted in Pediatric Intensive care unit and Neonatal Intensive Care Unit for 6 months each during 2<sup>nd</sup> and 3<sup>rd</sup> year of my training. I was also posted in pediatric wards and pediatric Emergency room for 1 year. I did allied postings in Cardiology and Neurology for 15 days each. I was also posted in Pediatric Oncology for 3 months. During this tenure I successfully completed my thesis which was accepted by National Board of Examinations.

**THESIS TOPIC:** CLINICOPATHOLOGICAL PROFILE OF UTI IN FEBRILE PEDIATRIC PATIENTS.

**POST MBBS WORK EXPERIENCE: 2006 TO 2007**

I worked as Duty Medical Officer in adult Cardiac Critical Unit in Bombay hospital and Bhaktivedanta hospital, Mumbai, India for a total of 1 year.

**MEMBERSHIPS:**

- 1)** Life member of Indian Academy of Pediatrics.
- 2)** Life member of National Neonatology Forum of India.
- 3)** Kuwait Medical Association (1 year renewable)

### **CAREER INTERESTS:**

- 1) Acute Respiratory Distress Syndrome
- 2) Extra Corporeal Membrane Oxygenation
- 3) Nutrition in sick babies and children admitted in intensive care units
- 4) Pediatric pain management during various invasive procedure
- 5) Neurodevelopmental assessment in Premature babies and in pediatric patients after various neurological insults.
- 6) Intracranial Hypertension
- 7) Multi Organ Dysfunction Syndrome
- 8) Cardiac Critical Care.
- 9) Teaching

### **MISCELLANEOUS ACTIVITIES:**

1) Helping in organizing DNB Academic activities & Teaching trainee staff Basic life support (BLS) and Neonatal Resuscitation program in KIMS Hospital, Hyderabad, INDIA

2) Working on organizing and publishing data (under guidance of Dr. Suneel Pooboni and Dr. Nandakishore) :

- Infection control data in KIMS

- Case reports like Neurobrucellosis, Neurofibromatosis Type 1, rare case of Angioma, Recurrent Primary Spontaneous Pneumothorax, Thoracic

Insufficiency Syndrome

- Online entry of ECMO data on ELSO (Extra Corporeal Life Support Organization) website during my employment at KIMS

4) Learning Basic Ultrasound Imaging and Neurosonogram.

### **EXPERTISE :**

- 1) Long distance transports of sick Newborn and Pediatric patients.
- 2) Managing patients on ECMO (like anticipating complications, informing appropriate persons and implementing revised strategies). I have learnt from my senior colleagues the skills to manage ECMO patients (Respiratory and Cardiac cases) in all age groups ranging from 3 kg neonate to adult. My cordial relation with ECMO team members (perfusionist/ Respiratory therapist) help me to gain technical knowledge on ECMO (e.g. rotaflo. ECMO machine, ECMO cannulas and about oxygenators). Additionally had hands on experience about how to resuscitate patients about to be kept on ECMO and those with on going ECMO

- 3) Managing ELBW babies, babies on ventilator (conventional and HFO), Post Operative Cardiac Critical Care patients.
- 4) Proper documentation and follow up.
- 5) Part of Organising and Management committee for various CME (Continued Medical Education) Activity . Collaborate effectively on multi- disciplinary team
- 6) Preperation of annual data in statistical format for Pediatric Department and for ELSO

### **HOBBIES :**

- 1) Music and Reading (fiction and non fiction)
- 2) long distance walk
- 3) Amateur Photography

### **REFEREES :**
